Flash Point, Quicksand, Hairpin, Squire

**BACKGROUND INFO:**

Rebecca joined the agency only three weeks after graduation from the academy as the team soldier/scientist. She was at the top of her class and was expected to be the agent to beat for the foreseeable future, until her disappearance while on operation Quicksand. After a three month search she was presumed dead and listed as k.l.a. After that point the agency burned her after no new leads made themselves available.
