**BACKGROUND INFO:**

Born and raised in Glasgow Scotland to a working -class family. At age 14, he joined the Young Ardlar Pirates (YAP), a gang of miscreants that had established itself as a powerful force on the streets and troublesome to the local police. In 2001, at age 17 he got pinched for robbery but got off light serving only six-months. Three days before he was released from corrections, his brother Sean was killed in a mugging. Fearghas tracked down the killers but instead of taking revenge, he presented all his findings and proof to the police, who then caught the killers. The Police Chief took notice of the detailed work provided to them by Fearghas and was quite impressed. He aided in sending Fearghas to Edinburgh University where he graduated with a degree in Forensic Science in 2004. Fearghas then went on to the National Training Centre for Scientific Support to Crime Investigation (NTC) in Durham. After that he joined the Scotland Yard Special Branch in London which was later merged into the Metropolitan Police Anti-Terrorist Branch in late 2005. He served with distinction until recruited to The Agency in late 2009.
