BACKGROUND INFO:

3 Year Member of the CMRC: Classic Racing Motorcycle Club based in the UK. U-Turn has attempted to break several World records including Longest Motorcycle Ride Through a Tunnel of Fire which led to an attempt at Longest Full-Body Burn (without Oxygen). U-Turn is bold, and will try anything once. Even when it leads to four months in the ICU. U-Turn has disabled or totaled 2 planes, 9 cars, 1 helicopter, 3 trucks, 1 locomotive, 6 watercraft and an endless list of motorcycles, still alive with only a lasting thought of "I'll never do THAT again." It is the Agency's hope that he will.
