MISSION BRIEFING:

The Agency is led to believe that an enormous sale of illegal high-powered weapons ammunition is going to take place in or around the Treasure Island Hotel & Casino in Las Vegas, NV in the next couple of days. Your mission is to photograph the transaction of merchandise along with all those involved and send them back to the Agency via a secured line. Your cover must be maintained at all times so as proper charges can be filed later, otherwise the perpetrators may dump the merchandise.
