**MISSION BRIEFING:**

We are looking to corral a gang inside LA that has become too powerful in its illegal narcotic sales and distribution. Your mission is to work and infiltrate the 6th street crew gang and find their main supply lines so we can shut them down. The gang looks to recruit from local street races, making you a perfect candidate. Further briefing will be provided by your handler before your cover assignment begins. Best of luck, and do not let your guard down.

**MISSION DEBRIEFING:**

Agent successfully infiltrated gang after several weeks of undercover work, but agent was involved in several unnecessary criminal acts. Intel provided by Agent was paramount is cutting off supply lines to the 6th street crew, but the lack of discipline shown is something of a concern. Agent to be placed on probation.
